Welcome to a wonderful
new underwater
adventure!

Tiny Tetra

Meet Tiny, a bright fish who loves to have fun with his friends. He likes to spend his time swimming fast and chasing bubbles. He's a fun fish!

Did you know?

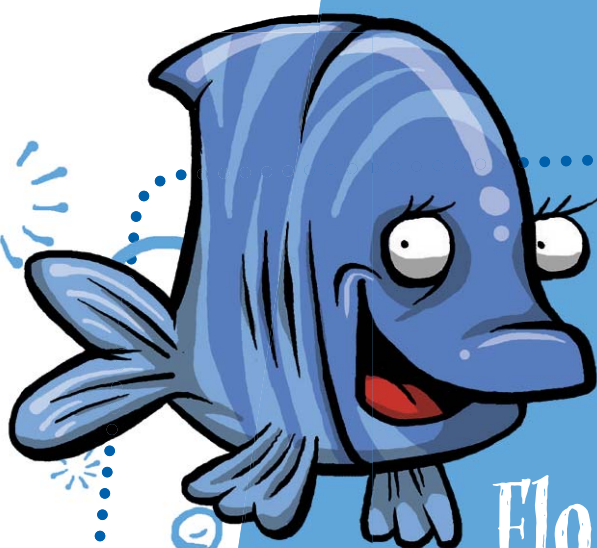

Fish can be a great first pet, teaching you all about responsibility and ownership.

Be part of the gang!

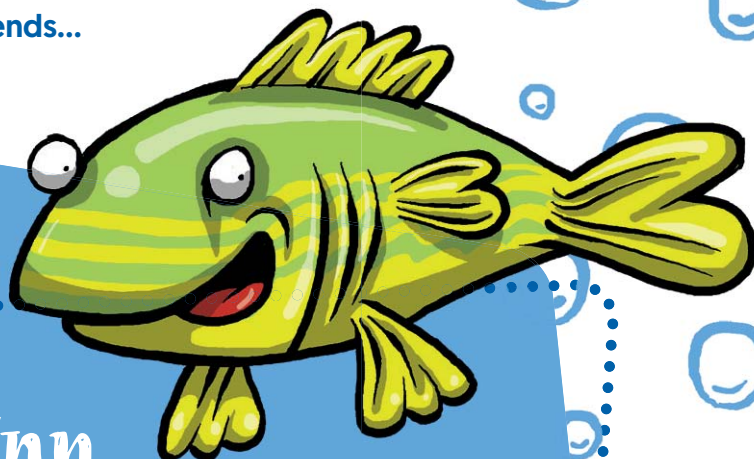

Tiny and his friends, Bubbles, Gil, Flo and Finn, want you to be part of their gang, but in order to join, you need to complete the activities in this booklet and colour in all **seven** gold stars! If you're ready for a challenge, let's go!

Before we get started, say hello to Tiny's friends...

Flo

Meet Flo. She always feels the cold so likes a warm aquarium where the water is just right...

Finn

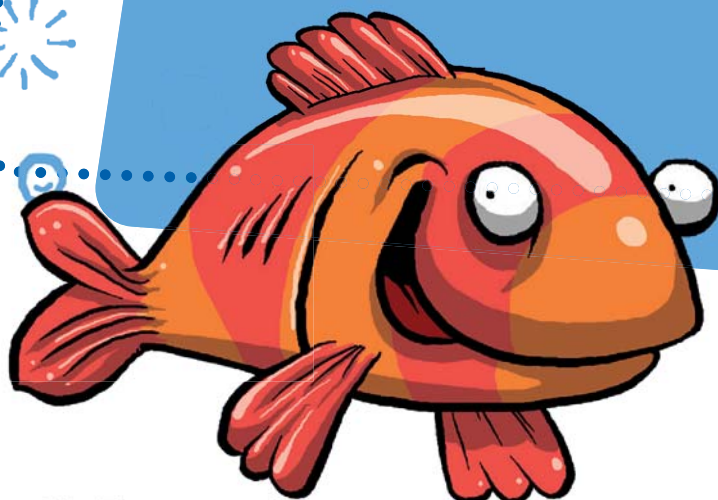

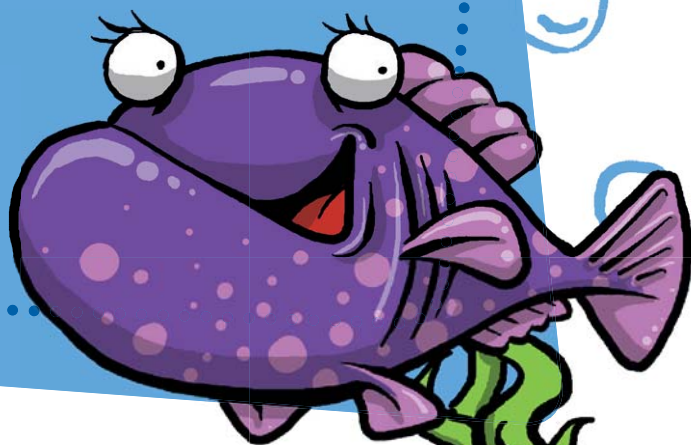

Finn is a particular fish who is very fussy about his water. He is always checking his filter to make sure his aquarium is clean...

Bubbles

This is Bubbles. She is at her happiest when she's eating—especially her favourite TetraMin tropical food...

Gil

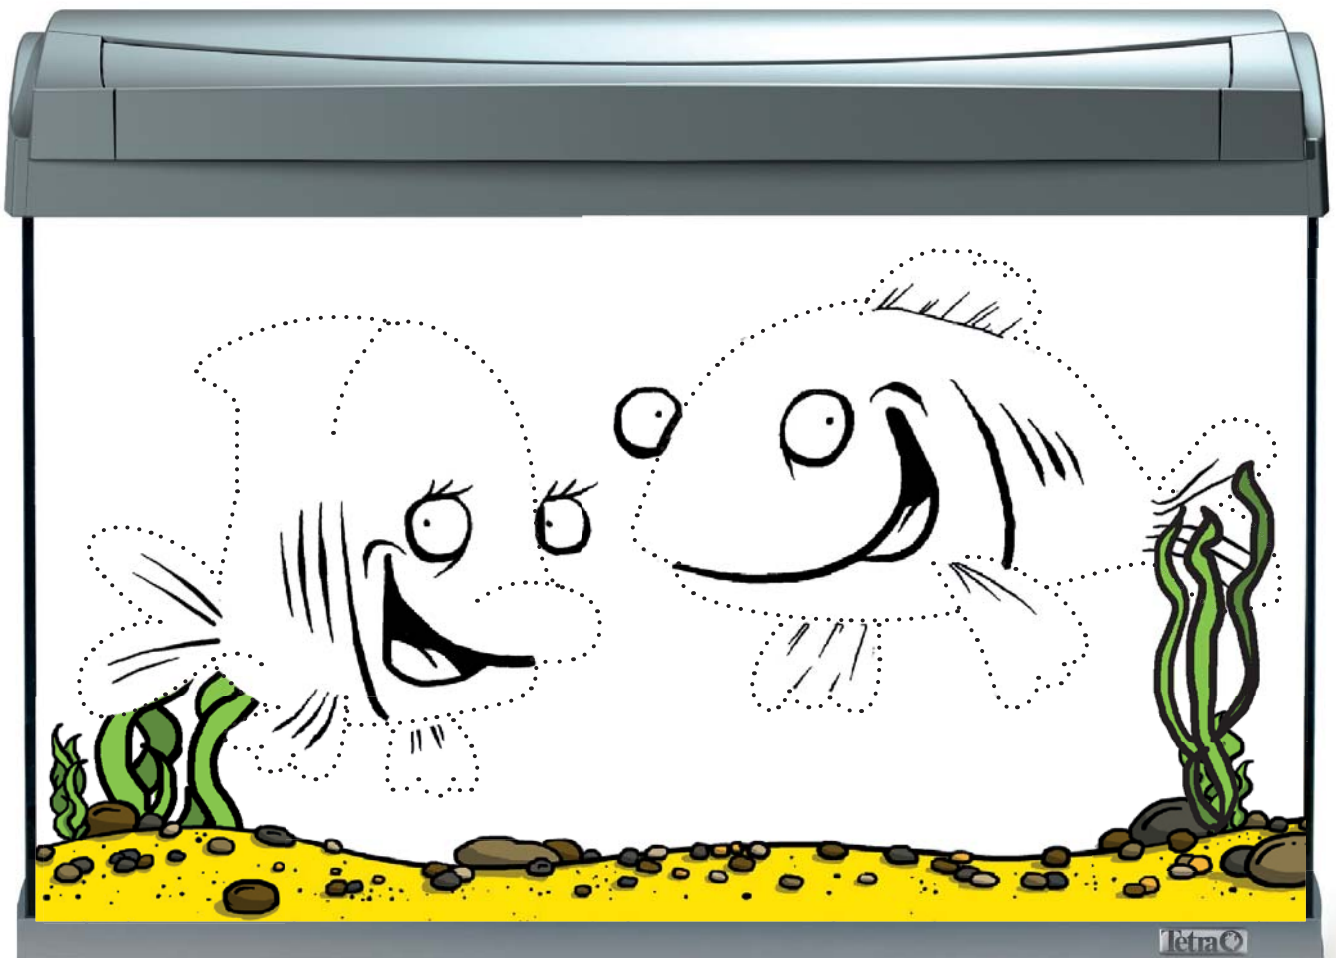

Gil likes to think he's a cool fish and loves to look sharp with his trendy stripes...

1. Who lives here?

Here's two of the gang enjoying a relaxing swim... but who are they?

Join the dots to find out and once you're done, colour-in your star!

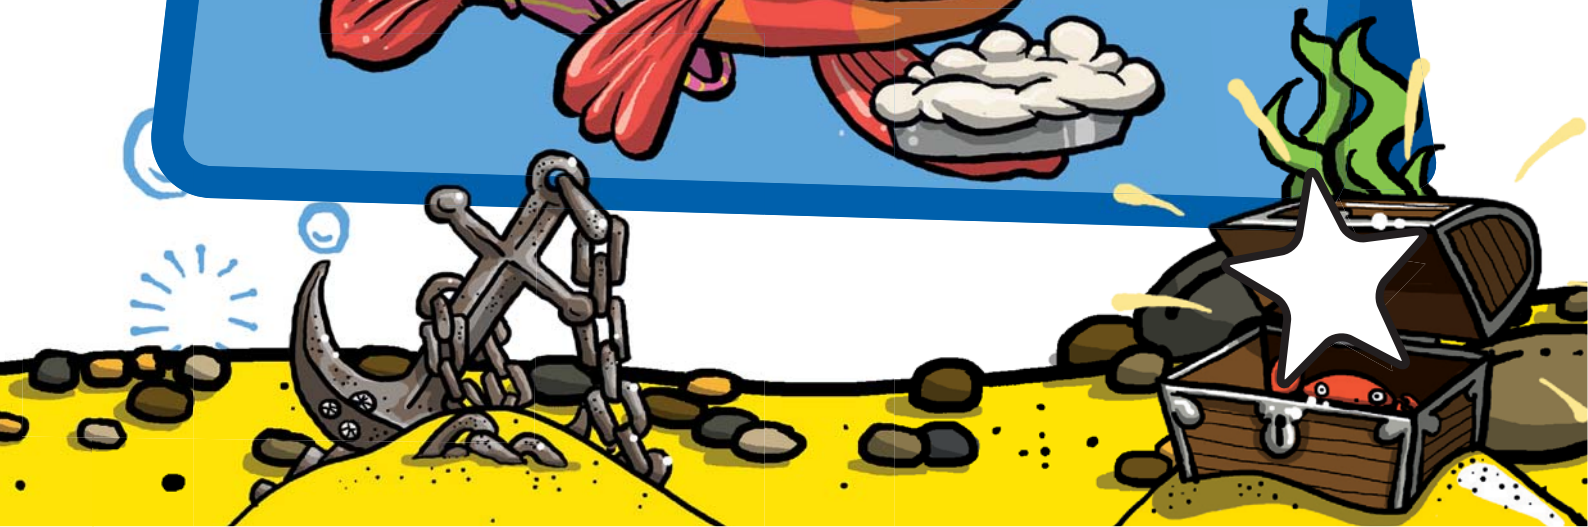

Did you know?

Fish are fascinating to watch and can have a very calming influence at home.

2. Spot the difference!

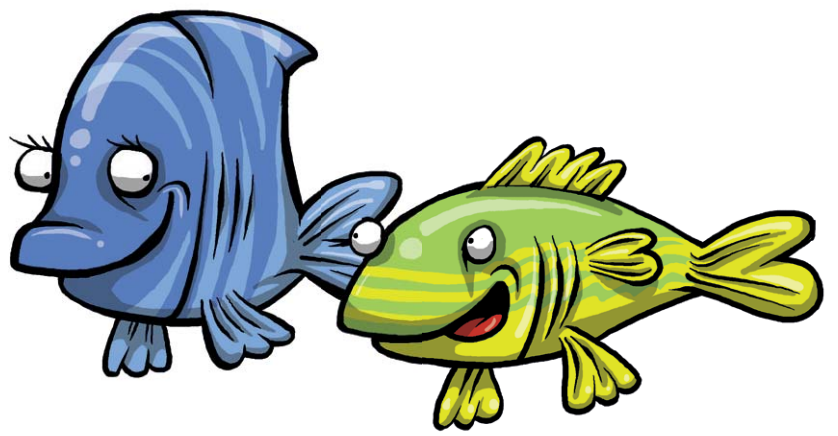

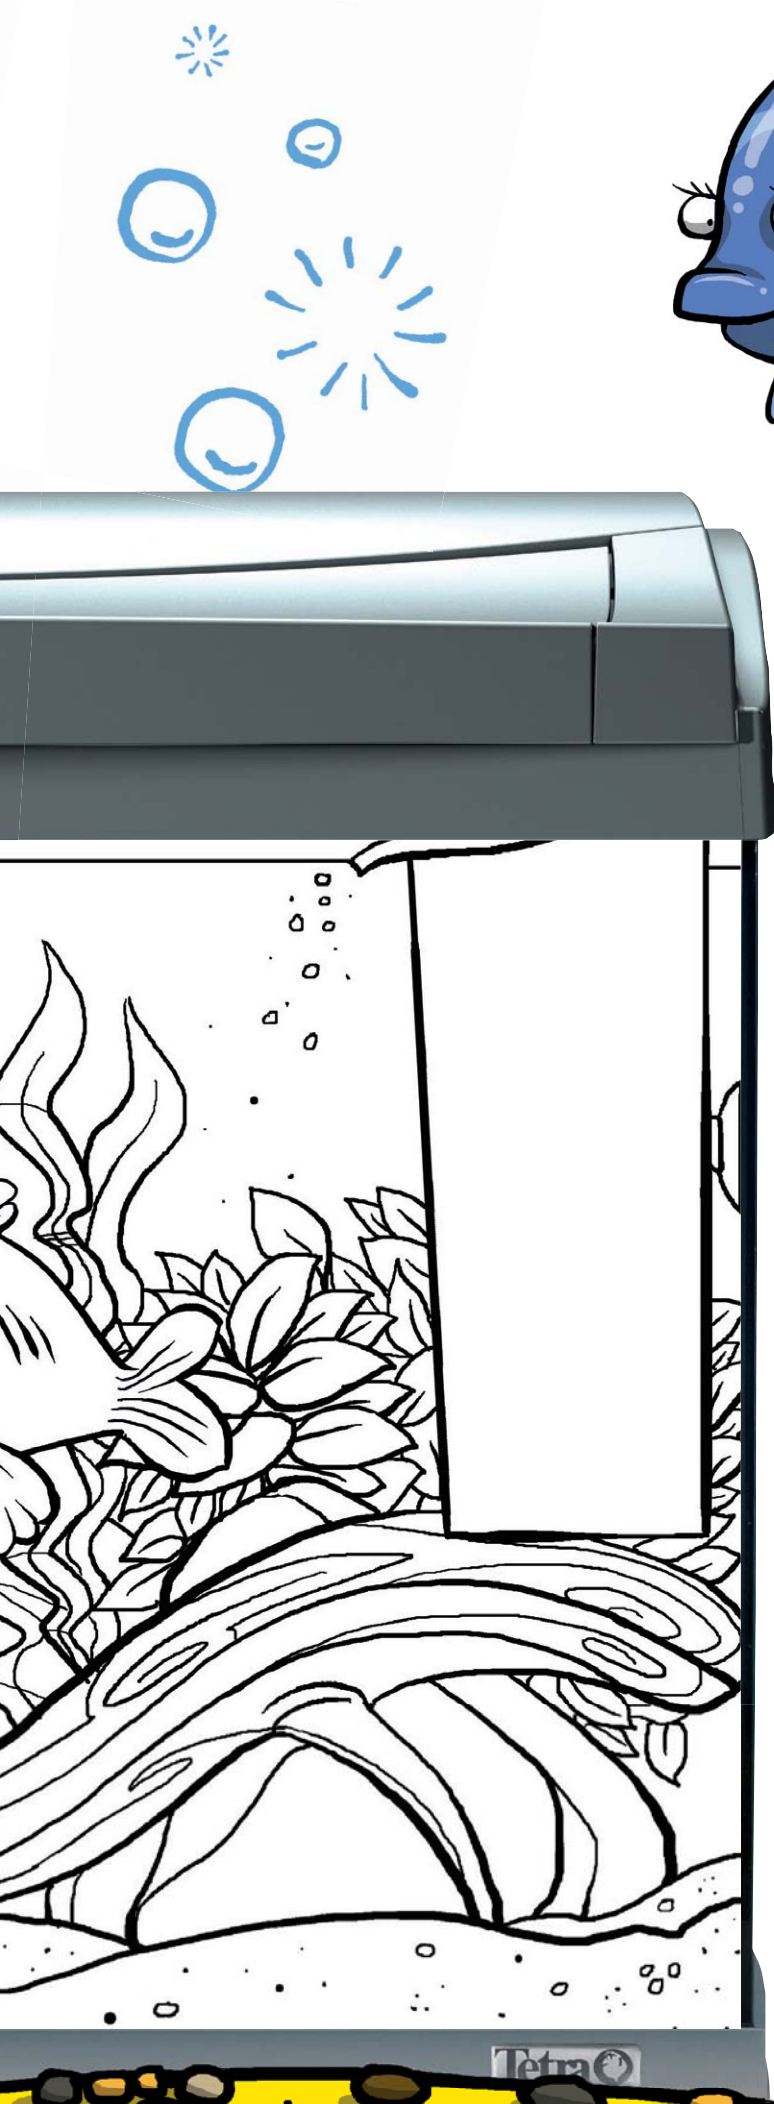

Gil is playing dress up! Can you spot the 5 differences to earn your gold star?

3. Colour Finn's new home!

The gang have a new home. **Can you brighten it up?** Remember, they enjoy a nice environment to live in, so make it as bright and colourful as possible.

Did you know?

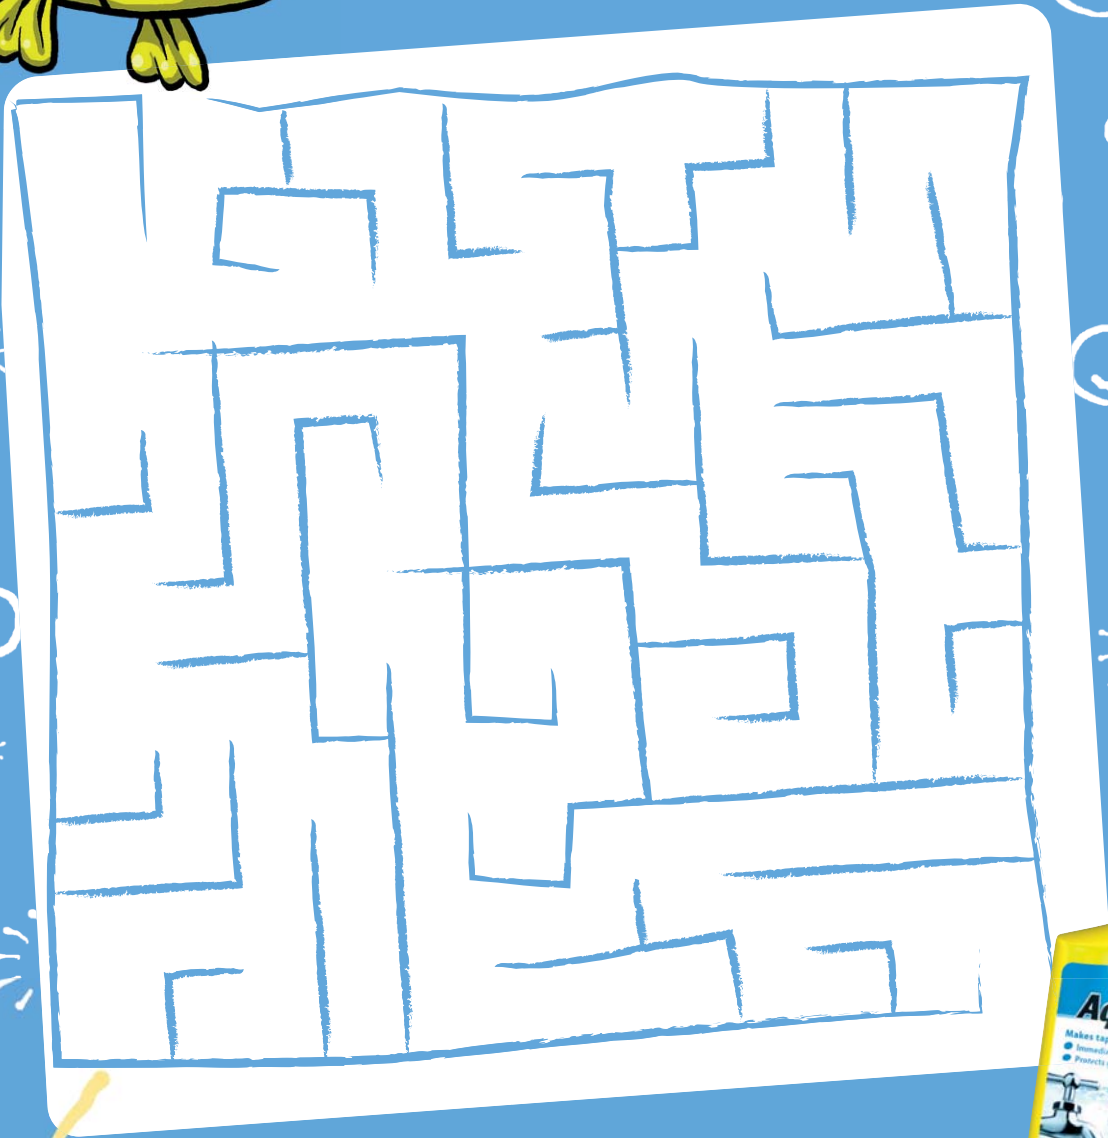

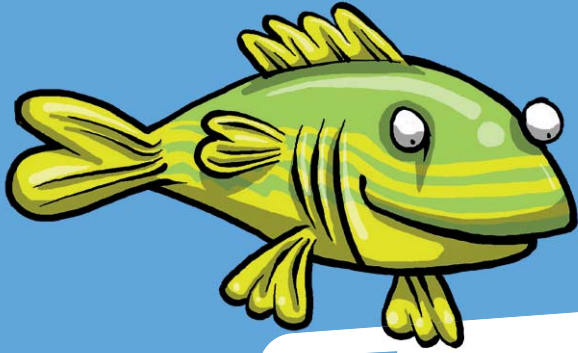

A filter is needed for any aquarium at home, it ensures crystal clear and healthy water for your fish.

4. AquaSafe to the rescue!

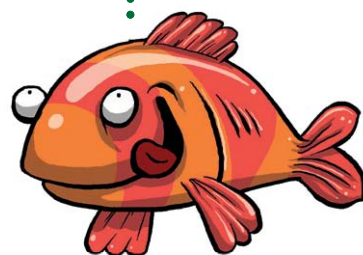

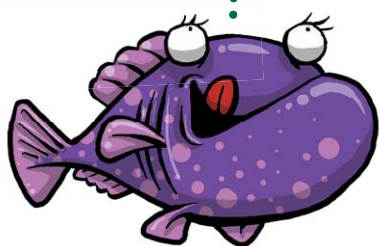

Finn is nearly ready to move into his new aquarium, but tap water is harmful to fish! To make the water for Finn's new tank safe for him to swim in, he needs to find some Tetra AquaSafe!

Can you help Finn find the AquaSafe for his new aquarium?

5. Mealtime Muddle-Up

Oh no! Gil, Tiny and Bubbles' food is in a bit of a muddle! **Can you help point Tiny and his friends to the right food?** Don't forget to colour in a star when you're done!

Top tip for feeding ...

All fish need feeding little and often. A good rule is to give them as much as they can finish in 1 minute. A small pinch is a good amount or 1-2 goldfish sticks.

6. Bubbles' Wordsearch

Bubbles has hidden some words in this wordsearch. **Can you find them all?**

The words can be positioned downwards, across or diagonally on the wordsearch!

Find all the words to colour in your gold star!

Find these words:

Aquasafe

Goldfish

Angelfish

Lemontetra

Tetramin
